

Getting to Know the Practice

“Practice Spotlights”

ETCH Specialty physicians meeting

S. Sudha Mannemuddhu, MD

ETCH Pediatric Plastic & Reconstructive Surgery

Specialty Practice details

At ETCH Pediatric Plastic & Reconstructive Surgery we believe that deformity and disability must always give way for hope and healing.

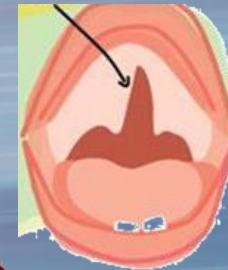

We believe that treatment is not something that happens TO a patient but rather WITH a patient and seek to empower patients and their families to not only understand their care but to become active partners in it.

Specialty Practice details

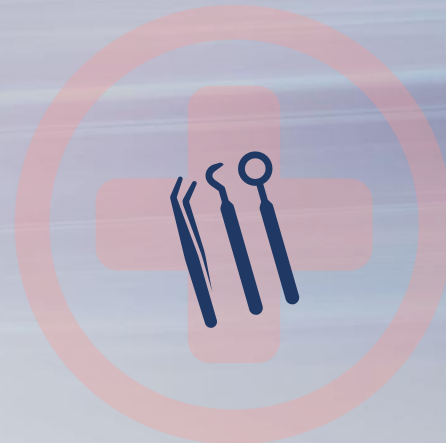

At ETCH Pediatric & Reconstructive Plastic Surgery we provide various procedures:

- Cleft surgeries
- Syndromic congenital facial conditions
- Craniofacial Surgery
- Oral and dental issues
- Abnormal head shape
- Ear deformities
- Skin conditions
- Nasal deformity
- Nerve injury/dysfunction
- Hand conditions

Specialty Practice details

Whether due to birth defects or injury, Dr. Daggett is committed to helping each of his patients. With advanced training in plastic surgery for children and nearly 3 years of experience on the mission field, he has experience treating even the most challenging conditions.

CHRISTY EDMONSON
